NO. 44.

MISCELLANEOUS.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kind, and cannot be sold in competition with the multitude of low cost, short weight, alum or phosphate powders. Sold only in cans. **ROYAL BAKING POWDER CO., 106 Wall Street, New York.**

Railroad Conductors, ENGINEERS, FIREMEN, BRAKEMEN, GRIPMEN, All that Ride Continuously TAKE NOTICE.

It is a well-known fact that nine out of ten of all classes of people whose business calling is railroading, where they ride day in and day out, will sooner or later complain of severe pains in their backs. CAUTION! What does this mean? Ask yourself the question. We will answer it for you. Your kidneys are fast becoming diseased, and if you neglect them there is one result—CERTAIN DEATH. We have had many cases, and hold testimonials of railroad men that have taken their trouble in time, and by the use of the greatest vegetable remedy that has ever been introduced in the world, viz: THE GREAT SIERRA KIDNEY AND LIVER CURE, have been cured and their kidneys strengthened to such an extent that they can pursue their vocations without fear. This wonderful remedy is becoming daily the most popular of any Kidney and Liver Cure that ever has existed. Give it one trial and you will send us a testimonial to add to our large and fast increasing list. For sale by all druggists.

TAKE NO OTHER.

DR. PRICE'S CREAM BAKING POWDER
MOST PERFECT MADE.
From the Professor of Chemistry, California College of Pharmacy.
SAN FRANCISCO, JANUARY 24, 1890.
I have made a careful analysis of a sample of Dr. Price's Cream Baking Powder purchased by me in open market. The results of my analysis show that the Cream of Tartar used in its manufacture is pure, and that it does not contain any foreign substances, such as Alum, Ammonia, Lime or other impurities. I consider it to be pure and wholesome, and in every way a superior article.
W. T. WHEELER, M. D., Ph. C., Ph. G.
Professor of Chemistry in the Cal. Col. of Pharm., University of California.

THE TARIFF BILL.

A Tumultuous Scene in the House.

ANOTHER DISHONEST ACCOUNTANT

Another Invoice of Chinamen on their Way

The Prussian Reichstag Considering the Army Bill.

Proceedings of Congress.

WASHINGTON, May 21.—The scene in the House this morning is confusing if not exciting. The members on both sides seem to be trying to outvie each other in creating noise, rather than give any intelligent consideration to the tariff bill. It is impossible to understand what is said, applause and laughter and cries of "Louder" drowning the voices of the speakers. No respect was given to the rules and no attention was paid to the recognition of the chairman, and uproar was the order of the hour. At noon, the committee rose and reported the bill to the House.

The committee amendment to restore jute yarns from 30 per cent. (as in the bill) to 35 per cent., the present rate, was rejected—yeas 113, nays 144. The effect is to reduce the duty 5 per cent. by taking advantage of a misprint in the bill, and is the first Democratic victory so far.

The previous question on the engrossment and third reading of the bill and its amendments was ordered by a vote of yeas 161, nays 143. Coleman of Louisiana and Featherstone of Arkansas were the only Republicans voting in the negative. On the vote ordering the previous question Adams of Illinois and Butterworth of Ohio refrained from voting.

The House then proceeded to consider the amendments agreed to in the Committee of the Whole.

When the House first met this morning and went into Committee of the Whole on the tariff bill, Baller of New York offered an amendment providing that all articles of importation into the United States, whether embraced in the free list or otherwise, shall pay no less a rate duty than imposed by the country on exports on like articles.

Butterworth opposed the amendment and said he regretted that there was no opportunity to ascertain the opinion on his own side of the house touching this bill. The Committee of the Whole has proceeded along the lines of the bill for a number of days, and then gentlemen in the Committee of Ways and Means had taken the floor and held it with their amendments until nearly the last hour, so that amendments which other gentlemen might desire to submit could not have the consideration necessary to determine what the consensus of opinion was. It was not fit that the ark of the Republican covenant was committed to the few, and he regretted that there had not been that conference which would enable members to prane the bill.

Brewer of Michigan said the time for debate had been fritted away by the other side. He was in favor of the bill because it was carrying out the pledges made to the American people (applause). All this time the House was in the greatest confusion, in the midst of which the hour of noon arrived and the committee arose and reported the bill to the House.

McKinley demanded the previous question on the bill and amendments. The Democrats demanded the yeas and

nays, and the previous question was ordered—yeas 161, nays 143.

The amendments were then read in detail. The first amendment on which a separate vote was demanded was one changing the phraseology of the tinplate clause. It was adopted by a narrow margin—yeas 150, nays 119.

The next vote was equally close, but this time the Democrats were victorious, the amendment fixing the duty on jute yarn at 35 per cent being defeated; yeas 143, nays 144. The duty as fixed in the bill is 30 per cent.

The next amendment, that of bringing Russian camel's hair into class 3 of the wool schedule, was agreed to; yeas 143, nays 138.

The amendment providing a duty on woolen and worsted yarns, valued at not more than 30 cents per pound, should be two and a half times the duty on unwashed goods, if of the first class, and 35 per cent ad valorem, was rejected; yeas 137, nays 148. The bill now fixes the duty at twice the duty on unwashed wool of the first class and 35 per cent ad valorem.

The Democratic minority of the Ways and Means Committee, as the result of a consultation this morning, instructed Carlisle to offer in the House a motion to recommit the tariff bill to the Ways and Means Committee, with instructions to report back the bill reducing taxation from the existing rates. Of course, it is not expected that the motion will prevail, but the purpose of its submission is to place the Democrats on record as endeavoring to carry out the views contained in their national platform.

The vinegar amendment, adopted last night in Committee of the Whole, was adopted, 164 to 138.

Carlisle introduced a resolution to recommit the bill to the Committee on Ways and Means with instructions. The resolution was defeated, 164 to 140.

The tariff bill was passed by a strict party vote, with the exception of Coleman of Louisiana, who voted with the Democrats in the negative. Butterworth voted aye. The vote was: yeas 162, nays 142.

SENATE.

The resignation of Sergeant-at-Arms Canada was received and laid on the table.

The silver bill was then taken up, and Stewart proceeded to address the Senate.

Prussian Army Bill.

By Cable and Associated Press.
BERLIN, May 21.—The Budget Committee of the Reichstag continued the consideration of the army bill to-day. The Minister of War explained to the committee that the bill aimed to give a military training to all men fit for service, and that after the bill was passed 370,000 additional men would be available.

General Von Falkenstein, in reply to a question, said that a reduction of the term of compulsory military service to two years was impossible at the present time.

A Titanic Call.

By Associated Press.
NEW YORK, May 20.—The steamship Beacon Light, from Newcastle-on-Tyne, built for the old trade, has arrived with the iron on her fore-deck smashed, tanks damaged, bows stove and 2,500 tons of water below decks. She collided with an iceberg, a great piece of which fell on deck, crushing the iron like an egg-shell. The vessel would have sunk at once but for the steam-pumps. She owed her arrival here solely to fine weather.

Campaign Over—More Chinamen.

By Associated Press.
CITY OF MEXICO, May 21.—General Hernandez, commanding the troops operating against the Yaqui Indians, arrived at Guaymas yesterday, and reports the campaign virtually ended. The steamer Corrigan brought 111 Chinamen to Guaymas yesterday, probably bound for the United States.

Arrested for Embezzlement.

By Associated Press.
WATERBURY (Conn.), May 21.—George A. Roberts, bookkeeper and confidential manager of the Smith & Griggs Manufacturing Company, has been arrested for the embezzlement of \$10,000.

TELEGRAPHIC BREVETTES.

Bar silver, 103 3/4.
The decision of the Supreme Court of the United States in the Kemmler case is expected on Friday next.

The Republicans made no nomination against Vaux, the Democratic protectionist, who succeeds the late Samuel J. Randall.

Todd's Rubber.

Henry M. Stanley, in an interview with a New York Herald correspondent, said that the Aruwin forest, which belongs to the Congo Free State, was enormously richer in everything, especially in rubber trees, than the Amazon forests. This section of Africa, he declared, would be the rubber reservoir of the world. This is certainly encouraging for American wire manufacturers who use rubber in their insulation. Such a statement from so reliable an authority ought to have a salutary effect on the market price of rubber.

A RAILROAD DEAL.

A Montana Election Contest Settled.

THE YAQUI INDIANS SUBDUED.

A Man Murders His Wife and Her Paramour.

The British House of Commons Passes the Budget.

The Papers Signed.

By Associated Press.
BOSTON, May 21.—The papers completing the Atchison and St. Louis and San Francisco negotiations have been signed. The Atchison people say that no official announcement of the terms will be made until every detail is arranged.

A Railroad Deal.

By Associated Press.
NEW YORK, May 21.—All Wall street is talking about the big railroad deal by which the Atchison is to obtain possession of the St. Louis & San Francisco, and consequently of the Atlantic & Pacific, thereby securing a line which will eventually be extended to San Francisco.

Reports from Boston say the papers have been signed, but the official announcement of the terms has not yet been made. In a general way, it is thought, the Atchison will purchase the entire property and franchise owned by the St. Louis & San Francisco. The representatives of the latter road are the Seligman.

It is thought \$10,000,000 of Atchison 4 per cent. bonds and \$2,000,000 of Atchison income now held in the company's treasury will be exchanged for St. Louis & San Francisco preferred stock. It is also understood that there will be a new issue of Atchison stock, which will be exchanged for St. Louis & San Francisco stock at the rate of four shares of Atchison for three of St. Louis & San Francisco.

Brewers' Association.

By Associated Press.
WASHINGTON, May 21.—The United States Brewers' Association have begun their thirtieth annual convention. There were present delegates from all parts of the United States, representing \$105,000,000 capital.

Thies J. Lefens of Chicago, in his opening address, congratulated the Association on the improved state of the brewers' interests as the result of the past year's work, and suggested the erection of a brewery plant in connection with the Columbian exhibition in 1893.

The Freshyrians on Temperance.

By Associated Press.
SARATOGA, May 21.—In the Presbyterian General Assembly to-day a resolution, urging Congress to pass a bill now before it, for the investigation of the effects of intoxicating liquors, was adopted. The resolution asking Congress to pass an amendment to the Interstate Commerce bill to enable States to prohibit or restrict liquor traffic was referred to a committee. The annual report of the Board of Foreign Missions was read.

Opposed to Lotteries.

By Associated Press.
WASHINGTON, May 20.—Senator Hoar to-day introduced a joint resolution proposing an amendment to the Constitution providing that neither the United States nor any State shall pass any law authorizing the establishment or maintenance of any lottery or distribution of prizes by chance.

A Dual Killing.

By Associated Press.
JESSUP (Ga.), May 21.—Last night the proprietor of the Littlefield House discovered his wife and Sheriff McCall in a compromising situation, and he drew his revolver and shot both dead.

Only Routine Business.

By Associated Press.
NEW YORK, May 21.—Only routine business was transacted at the meeting of the Directors of the Pacific Mail to-day.

A Contest Settled.

By Associated Press.
HELENA (Mont.), May 21.—The Supreme Court to-day decided the Silver Bow county Sheriff's contest in favor of John E. Lloyd (Republican).

Annual Meeting.

By Associated Press.
CHICAGO, May 21.—The annual meeting of the American Baptists Publication Society was begun here this morning.

The Budget Passed.

By Cable and Associated Press.
LONDON, May 21.—The House of Commons, in committee, passed the budget.

Favorable for Defendant.

By Associated Press.
SAN FRANCISCO, May 20.—The deposition of T. B. Upton, a printer, was taken to-day by order of Judge Murphy, before whom the Arnold case is progressing, as Upton was too ill to attend Court. He deposed that he had done the printing for Garness, whom he knew well, and had turned out three lots of circulars for him. He identified the circulars in which the Arnold family were attacked, and said that Garness gave him the copy. Sixty copies of each circular, he said, were all that Garness would have, and after each set had been printed copy and proof were both burned. Garness wanted the work done on the quiet.

An Enterprising Newspaper Man.

By Associated Press.
SAN FRANCISCO, May 20.—W. R. Hearst, proprietor of the Examiner, to-day completed the purchase of the property known as the Nucleus building, situated on the southeast corner of Third and Market streets, constituting 10,000 square feet in area. The exact purchase price is not made public, but it exceeds half a million dollars. It is contemplated to remove the structure now occupying the site, as soon as the existing lease expires, and erect a handsome building, which will be occupied by the Examiner.

"Original Package" Shipments.

By Associated Press.
LEWISTON, Me., May 21.—The original package business began here yesterday. A car arrived containing barrels and kegs of beer consigned to a local dealer, who took them to his store without the interference of the authorities. The New Hampshire Brewery has agreed to assume all costs in any test case.

A Valuable Purse.

By Cable and Associated Press.
LONDON, May 21.—The Newmarket stakes of 6,500 sovereigns was won by the Duke of Portland's Memoir.

LOCAL INTELLIGENCE.

Hit On the Head With a Rock.

J. W. Killen hit Gebhardt, the barber, over the right eye with a rock this afternoon and came near wounding up his little ball of yarn. Gebhardt is said to have been drunk, and when under the influence of liquor is very quarrelsome. Drs. Phillips and Dawson dressed his head. They say that while his skull is not fractured, it is very badly bruised. No arrest has been made.

Drunk, But Polite.

It happened on a crowded horse car. A speedy looking man, very much the worse for having looked too often on the wine when it was red, rose to give his seat to a lady when a robust man slipped into the vacant seat, leaving the lady still standing.

"Sa-a-y, you—you feller, you," said the boozey, but chivalrous individual, as he swayed to and fro, hanging to a strap, "I—I'm drunk, I know, but I—I'll get over it, I will; but you—you're a hog, and you—you'll never get over it—in—in this world—no, sir, never!" And the other passengers agreed with him.

J. F. Aitken wants a boy to drive the ice wagon—See 50-cent column.

BETTER THAN GOLD.

RESTORED HER HEALTH.
For 25 years I suffered from boils, erysipelas and other blood affections, taking during that time great quantities of different medicines without giving me any perceptible relief. Friends advised me to try S. S. S. It improved me from the start, and after taking several bottles, restored my health as far as I could hope for at my age, which is now seventy-five years.

5 O'CLOCK EDITION.

THE Sacramento Record-Union has this to say about the Tahoe water scheme: The people of Nevada have very properly protested against taking Tahoe for the benefit of California ranches and cities. One of our esteemed contemporaries says: "If the waters of Lake Tahoe would be most useful if they were drawn off westwardly, and made to fertilize El Dorado, Placer and Sacramento, Government engineers would be justified in draining them in that direction." Now, by a test of this kind, California has certainly lost all right to the lake. El Dorado county cannot be irrigated by the waters of Tahoe. Beside that, she has unlimited quantities of water for irrigation in the smaller lakes west of Tahoe and in innumerable streams which are available for that purpose. Placer county has more water running to waste through her streams and at elevations making them applicable to her lands, than will ever be used. Sacramento has water in abundance in the American river, taken at Folsom, in the Cosumnes or in the Mokelumne. So that the waters of Tahoe are not needed in these localities; but, even if they were, there is more irrigable land along the line of the Truckee, from Tahoe to Pyramid Lake, than in all the California counties named, and, when under irrigation, is equally valuable with the land in California. Besides this, there is no other water than that of Tahoe available for the fertilization of these lands. The test, therefore, stands strongly in favor of Nevada. Take away the waters of Tahoe, and you relegate the lands of the Truckee basin to perpetual aridity. Bring the waters of Tahoe to the western side, and you simply reinforce an already existing superabundance. From the standpoint, therefore, of the greatest good to the greatest number, and the greatest fertilization to the greatest possible acreage, Tahoe should not be interfered with. Moreover, there is neither the quantity of water in Tahoe nor the watershed area around that lake to justify the belief that the water can be brought this way profitably. It is all well enough for engineers who have in view great water schemes to postulate the existence of vast watersheds, but the catchment area of Tahoe is already well known.

Beside the surface of the lake itself, its western shore is as thin of catchment area as a tin pan. Its eastern line has about twelve miles of catchment area, with about ten inches of precipitation to be depended upon to fall annually. With this ten inches of precipitation on the east side, and the catchment area once ascertained, it is very easy to determine how much water the lake affords. It is simply a basin into which the precipitation has fallen, and it is at last a question of the volume of precipitation. There is a vast accumulation of water in Lake Tahoe, and if it were emptied to-day there would be nothing left but the precipitation upon its catchment area, and that would not be sufficient to fill it again for many years. Estimates of this kind have already been made, and while they will not be presented here and at this time, they are ascertained which satisfactorily prove that there is not, taking one year with another, sufficient precipitation on the catchment area of Lake Tahoe to supply, as Mr. Von Schmidt claims, sixty million gallons a day, the amount which will be necessary for economic use in this State. The people of Nevada should be sustained in their opposition. There is a natural easement of that water through the Truckee. They have the first and best right to that water. Their opposition to having Tahoe interfered with will receive the commendation of all just minds.

STANLEY's head is said to be full of the idea of colonizing American negroes in the Congo country. He would probably find the whites of the South the most earnest opponents of his plan. Theoretically they might favor it. They might approve of colonizing the colored people of some other State or neighborhood, or of the South at

large, but when it came to taking away those whom they have been accustomed to depend upon for labor there would be trouble. Some negro immigration agents have already ornamented trees in sections of the South.

THE silver resolutions passed yesterday at Virginia City by the Republican State Central Committee were telegraphed to Washington.

Our Motto

"A dollar's worth for a dollar" is the motto of Hood's Sarsaparilla. This medicine is a highly concentrated extract of Sarsaparilla and other well-known vegetable remedies, and is pronounced by experts the strongest and best preparation of the kind yet produced. It owes its peculiar strength and medicinal merit to the fact that it is prepared by a combination, proportion, and process

Peculiar to itself, discovered by the proprietors of Hood's Sarsaparilla, and known to no other medicine. Its prompt action on the blood removes all impurities, and cures scrofula, salt rheum, sores, boils, pimples, all humors, and all diseases or affections arising from impure blood or low state of the system.

"I have taken Hood's Sarsaparilla, and find it to be the best blood purifier I have ever used," Mrs. H. FIELD, Auburn, Cal.

The Best Medicine. "I have used six bottles of Hood's Sarsaparilla for indigestion. It has helped me a great deal. I think it is the best medicine for indigestion and dyspepsia." Mrs. N. A. LAUDERDALE, 128 North Fifth Street, San Jose, Cal.

Hood's Sarsaparilla Sold by druggists. \$1; six for \$5. Prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

JOTTINGS.

New church and school buildings are being erected in nearly every town in Kentucky.

The Pike's Park Railroad has been illuminated the entire seven miles by electricity.

There is in Lowell, Mass., eleven cases of diphtheria and thirteen cases of scarlet fever.

The Pennsylvania Railroad Company has contributed \$275,000 to the Chicago World's Fair.

In Columbia, Ind., the public schools have been closed because of an epidemic of German measles.

E. G. Leadbetter is in receipt of a lot of fresh vegetables; he also has California cherries and strawberries.

For 12½ cents you can get at J. J. Becker's Chicago saloon, a schooner of either Boca or Sacramento beer and a well cooked hot lunch.

Mr. and Mrs. Lemery are always on hand to attend to the wants of those who are in want of the best of everything to be had at a first-class Hotel and Restaurant.

By taking your San Francisco papers of C. A. Thornton they will be delivered daily at your residence or place of business. He also carries all the leading magazines.

C. J. Brookins' candy factory continues to run six days in the week supplying everybody with the most toothsome sweets ever seen in this market.

Virginia City captured the Republican State Convention, but the Riverside Hotel continues to have its share of those looking for the best rooms, beds and meals.

That elegant hat in which your best girl looks so bewitchingly sweet and fascinating was bought of Miss Emma Gibbs whose taste in the millinery line cannot be excelled.

Supremely Delightful

To the emaciated and debilitated invalid is the secret of returning health and strength produced by Hostetter's Stomach Bitters. When that promoter of vigor is tested by persons in feeble health, its restorative vitalizing potency soon evinces itself in improving appetite, digestion and nightly repose, the sole condition under which strength and nerve quietude is vouchsafed to the whole system. A gain in flesh of course ensues upon the restoration of digestion and assimilation. As winter follows the fall of the leaf, does disease follow the footsteps of declining strength, when the premature decadence of vitality is not arrested Marasmus consumption and other wasting maladies are prompt to fasten upon the emaciated. Avert disease, which not only renews failing strength, but mitigates and counteracts the infirmities of age and those of the gentler sex. Rheumatism, malaria and kidney troubles yield to it.

Strong Language.

J. B. Langham, ex-mayor of North Des Moines, Iowa, said recently: "I have just recovered from a severe attack of la grippe. I used Chamberlain's Cough Remedy, and applied Chamberlain's Pain Balm to my breast. These remedies were just the thing in my case. My child had croup some years ago, and we used Chamberlain's Cough Remedy with perfect success, since then we have never been without these medicines in our house. I had a cousin who was a printer and was employed in a job office in this city, where they were printing circulars for Chamberlain. He had a deep-seated cold and a terrible cough, and while setting up the copy he made up his mind to buy a bottle. It cured his cough and that was the first time I ever knew anything of Chamberlain's remedies. I have been strongly in their favor ever since. My own experience and that of my family convince me that these remedies are the best in the world. That is why I am strong language, but that is what I think." For sale by Shoemaker & Co.

Remarkable Menace.

Mrs. Michael Curran, of Minneapolis, Minn., makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for consumption; she bought a bottle and to her delight found herself benefited from the first dose. She continued its use and after taking ten bottles, found herself sound and well, now does her own housework and is as well as she ever was—free from that store of Great Discovery at W. F. Finner's Drug Store, large bottles 50c and \$1.00.

Liver Complaint—Biliousness.

The chief symptoms of this disease are depression of spirits, foul coated tongue, bad tasting mouth, disagreeable breath, dry skin, with blotches and eruptions, tired complexion and yellow eyes, drowsy, aching shoulders, dull pain in right side, faint, nervous, and irregular bowels. This complaint in all of its forms can be readily cured by taking Dr. Gunn's Improved Liver Pills as directed, and a lingering spell of sickness will often be ward off by their use. Sold at 25c a box by S. J. Hodgkinson.

A Sure Cure for Piles.

Hemorrhoids are known by moisture, like perspiration causing intense itching when warm. This form, as well as blood, bleeding and protruding, yield at once to Dr. Boon's Pile Remedy, which acts directly on the parts affected, absorbs tumors, allays itching and effects a permanent cure. Dr. Boon's Pile Remedy is a permanent cure. Dr. Boon's Pile Remedy is a permanent cure. Dr. Boon's Pile Remedy is a permanent cure.

Individual, should take Dr. J. H. McLean's Sarsaparilla. It will make him feel as well and healthy as the healthiest of us, and will bring up vitality, that is all.

RAILROAD EXTENSION.

Future Prospects of the Union Pacific in Nevada.

A gentleman interested in mines in Inyo county, Cal., who has been closely watching the movements of the Union Pacific Railway since that powerful corporation resumed construction in Utah, informed a GAZETTE reporter recently that he is confident that company will build across Southern Nevada in the next two years. He thinks they will build two lines from the vicinity of Pioche—one to intersect the Atlantic & Pacific in Arizona, the other into Southern California.

It is known that a survey is now being made from Pioche south, and that two engineering parties are at work in a westerly course from the same place. The Arizona line would tap the extensive timber belt in the San Francisco Mountains, and there is a growing passenger traffic between the Mormon colonies in that Territory and Utah. The main or Los Angeles line will run in a southwesterly direction, skirting Pahranagat lake, crossing Death valley, through to Panamint, where in all probability a connection will be made with the Carson & Colorado Railroad, for points in Western Nevada. Our informant does not consider it at all probable that the Union Pacific intends to build to San Francisco. However, in case they should do so, they would have no difficulty in running a line through Walker Pass and down the Kern river route into the San Joaquin valley.

WADSWORTH SCHOOL.

The following is the report of the Wadsworth school for the month ending May 16, 1920:

DEPARTMENT	ATTENDANCE	TEACHERS
Primary	598	59
Grammar	46	4
High School	17	1
Total	661	64

Roll of honor—Mamie Donelin, 96; Wm. Angstrom, 96; Linnie Wightman, 97; Freddie Washburn, 98; Charles Gates, 96; Zulettia Geary, 95; Maude Blundell, 95.

Pupils neither absent nor tardy—Lizzie Wightman, Thomas Donelin, Charles Gates, Albert Givan, Freddie Washburn, Maude Blundell.

PERSONAL.

Charley Lewis is up from Wadsworth.

C. A. Jones returned from below this morning.

E. L. Williams of Churchill county is visiting Reno friends.

Mrs. Mary E. Jones left this morning for Seattle on a visit to relatives.

J. A. Blossom, the Battle Mountain capitalist, returned home this morning.

Seymour Bryant and wife have returned from their visit to Colusa county, Cal.

Captain C. H. Galusha of Carson was a passenger for San Francisco on last night's train.

Martin Sullivan, Superintendent of the Rocky Run Ice Company, was in town this morning.

William Hamilton, the old California stage man, arrived from below this morning on his way south.

Mrs. Brower, nee Harris, a former school teacher, arrived from below this morning on her way to Dayton.

District Attorney Allen visited the Verdi School yesterday and to-day went to Wadsworth on the same business.

E. B. Rail, the Carson hardware man, was a passenger for the Bay last night. He is contemplating a trip to the Sandwich Islands before his return.

LOOKS LIKE WHISKY.

A remarkable gummy liquid, formed upon and dropping from the foliage of the pine trees in the vicinity of Danville, Va., has been attracting a great deal of attention. It gathers on and drops from the pine trees like a heavy dew, and a great deal of it has been caught and preserved in bottles. It has much the appearance of corn whisky, but has a taste somewhat like that of wild honey. It leaves the pine tags sticky, and gives them the appearance of having been varnished. One theory is that it is produced by the remarkable weather which has prevailed in that vicinity for some time past.

THE APPOINTMENT.

The Republican State Central Committee yesterday made the following appointments: Churchill, 2; Douglas, 5; Esmeralda, 8; Elko, 19; Eureka, 14; Humboldt, 9; Lyon, 9; Lander, 7; Lincoln, 3; Nye, 4; Ormsby, 11; Storey, 32; Washoe, 18; White Pine, 8.

The following test for voters at the primary election was adopted: "I am a citizen of this State and will support the nominees of the Republican party."

MUTTON SHEEP.

The Silver State says: Pasco & Fleming are preparing to start east with 14,000 wethers. They will drive them to Soda Springs, on the Oregon Short Line, from where they will ship them by rail to Nebraska.

A MAN MISSING.

The Appeal says: About two weeks ago Major Gardner left Carson for his brother's ranch near Wellington and has not been heard from since. They are entertained as to his whereabouts.

BREVITIES.

Local and General Intelligence.

The river is going down again. It has been somewhat warm to-day. Read Mrs. Bagdehole's 50-cent ad. in to-day's paper.

Why did not Reno get the Republican State Convention?

What has Washoe done towards selecting delegates to the Silver Convention that meets in Carson on the 20th.

The Carson Tribune says the high stage of water in the Carson river is causing considerable anxiety among the mill men.

Rev. P. W. Dorsey of Emanuel Baptist Church, San Francisco, will preach the dedicatory sermon at the new Baptist Church next Sunday morning.

The Walker Lake Bulletin has ordered an improved press, and it is shortly expected in a new dress. It is a valued exchange, and the GAZETTE is pleased to note its prosperity.

A GAZETTE reporter passing Jim O'Neill's blacksmith shop yesterday found him busy putting a set of training shoes on P. J. Kelly's flyer, which he is now training for the fall races.

An entertainment will be given by the Young Women's Christian Temperance Union next Friday evening at 8 o'clock, when an interesting program will be rendered, preceded by an athletic exercise. Refreshments will also be served.

Business over the Carson & Colorado Railroad, both passenger and freight, is reported to be brisk. A good many people are going to Candelaria and to points in Inyo county, and the renewed activity at the mine is creating an active demand for supplies and machinery from below.

STYLE OF WALKING.

A Noted Authority Says a Lady Should Swing Her Arms.

Should a woman swing her arms as she walks? Shouldn't she? queries a writer on the New York Evening Sun.

"But," someone objects, "it isn't graceful." What is graceful and what is not is largely a matter of education. The modern young woman considers herself, with a slender waist and broad shoulders her dressmaker has given her, more graceful than the Venus of Milo. All men swing their arms when they walk, and all women would, too, if that "everlasting womanly" were not constantly kept before her eyes. The laws of mechanics are the same for both, and the laws of the mechanic demand that in order to keep the body stably poised while in locomotion, the pendulum movement of the leg on one side of the body should be balanced by the movement of the arm on the other side.

Let a woman be called upon to run a few steps and she reverts at once to nature and swags her arms as vigorously as a man. Moreover the movement of the arms is a great aid to the security of the body in locomotion. This is proven by the instant impulse in falling to throw out the arm on the opposite side of the body as an aid in regaining the lost balance. As to the aesthetics of the matter, that is, as we have said, largely, if not wholly, a matter of education. Let women give fair play to their natural impulses and swing their arms all they want to as they walk, and the next generation of women will look upon the days when women did not swing their arms very much as to-day they look upon the days when they wore steel corsets and killed themselves for the sake of the Spanish waist.

OUR GIRLS.

The Kind of Instructions They Should Receive.

Ella Wheeler Wilcox lately won a prize for the best answer to the question, "What shall we do with our girls?" Her answer is a gem in its way, and the gist of it lies in the following:

"The foundation of society rests on its homes. The success of our homes rests on the wives. Therefore, first of all, teach our girls how to be successful wives. Begin in their infancy to develop their characters. Teach them that jealousy is an immorality and gossip a vice. Train them to keep the smallest promise as sacredly as an oath, and to speak of people only as they would speak to them. Teach them to look for the best quality in every one they meet, and to notice other people's faults only to avoid them."

If it be objected to this advice that comparatively few men are really worthy of such wives, "play 'tis 'tis true."

REMARKABLE ACHIEVEMENT.

Heliography Used For a Distance of 125 Miles.

A Prescott, Arizona, dispatch of the 17 inst says: The greatest achievement yet made in heliography was accomplished during practice in the the Department of Arizona yesterday by Lieutenant William Mayer, who succeeded in signaling a message by a single flash 125 miles from Mount Graham, near Fort McDowell, to Mount Graham, near Fort Grant, where it was received by Captain J. W. Gardner. The latter by turning his instrument, flashed a message to Fort Huachuca, a distance of 90 miles, making a distance of 215 miles a single intervening station. The largest distance hitherto made with a single flash was about 70 miles.

English Justice.

The Enterprize says: Justice is mighty in England! The only result of the unearthing of the Cleveland street scandal, which shocked and disgusted the whole Christian world, was the sending of an editor to jail for the part he took in exposing the den of Sodom.

Accumulated Fortune.

Sixteen years ago a Swiss cobbler named Bernasconi left his home in the Canton Tessin and emigrated to the Argentine Republic. He has now returned the possessor of millions, which he made as a dealer in leather and hides. He is now building a house at the place where his Swiss house stood, an asylum for 200 children.

Irritation of the throat and all lung troubles are quickly relieved and permanently cured by Fryer's Aqueous Cough Balm. (It contains no opium.) Price 75c. Sold by Wm. Finner. The original and genuine Aqueous preparations bear the facsimile signature of D. F. Fryer.

Frequently accidents occur in the household which cause burns, cuts, scalds and bruises; for use in such cases Dr. J. H. McLean's Volcanic Oil Liniment has for years been the constant favorite family remedy.

NEWS NOTES.

Liquor selling under the "original package decision" is increasing rapidly in Iowa.

The old house of Justice Stanley Matthews at Washington has just been sold for \$21,400.

A gain of ten feet wide and tested nine feet deep has been found within forty miles of Alaska.

If the Tariff bill is passed it will be enforced within thirty days after receiving the President's signature.

The Dorset Delawareans says there will not be a full orchard of peaches shipped from Delaware this year.

The saloons of Covington, Ky., were closed May 11th, the first time in the memory of the oldest inhabitant.

In a little less than three weeks the census man will begin asking ladies of uncertain age impertinent questions.

A boy only nine years of age twice attempted suicide in Pittsburgh recently, because of remorse for drunkenness.

An incorporation has been effected at Chicago in promoting the erection of a monumental statue of General Sheridan.

Arrangements have been completed for a new fast mail line from Chicago to New Orleans, via the long bridge at Cairo.

Chicago has a new vehicle for rapid transit. "The Carrot," a combination of stage and street railway car, is patented.

Rev. Sam Small will be a candidate for the Legislature in Georgia. He wants to represent Fulton county in the House.

The Philadelphia Ledger says that of a family of sixteen, near Taylors-town, Penn., thirteen have died of diphtheria.

A Georgia man has been pardoned after serving sixteen years of life-sentence for a murder of which, it turns out, he was innocent.

Birmingham, Ala., though a new city, has all the institutions of an old civilization. It has had four legal hangings since February 1st.

Charles Hill of New York has purchased 218 acres of land between Seventeenth and eighty-sixth streets in that city, for a Boston syndicate.

President Harrison is understood to be deeply interested in the action of Congress on the silver question, and to be watching the Senate debate closely.

It is proposed to establish a system of underground tubes to facilitate the transaction of business between the Capitol at Washington and the departments.

Reason Myers of Sandyville, Ohio, who is ungraciously making, is heir to a large estate left by his father, and a dispute among the heirs has been settled in his favor.

The young woman of Wilkesbarre, Penn., who married the Mexican giant to a risk at Seneca, bore 3,000 people, has returned home disgusted with circus life.

The outlook in Chicago for the subscription to the entire \$6,000,000 of stock for the World's Fair is so promising that the committee has decided to issue no bonds.

La grippe in an epidemic form has made its appearance in portions of Berks county, Penn. In the northern part quite a number of cases of pneumonia are reported.

A re-union of the surviving members of the thirty-fourth Congress who, as voted for General N. P. Banks for speaker in 1856, will be held in Washington May 28th and 29th.

Lady House servants.

In London at the present time, says Eugene Field's London letter, an effort is being made in certain quarters to employ ladies for house servants—by that it is meant the daughters of poverty-stricken professional men.

A VIGOROUS KICK.

A Merchant's Wife the Bone of Contention—A Denunciation.

A well known merchant who has been greatly benefited by Joy's Vegetable Sarsaparilla, desired to give it to his wife, who was very delicate, but out of caution first consulted his physician Dr. W. H. Griswold of 500 Market street. The doctor, who is one of our leading practitioners, advised, saying he had never seen a sarsaparilla that did not contain potash, which thinned the blood; that his patient did not have any vitality to lose, and that what delicate people need is not decreased vitality, but more blood. He was very explicit when he said that Joy's Vegetable Sarsaparilla was opposed to the blood thinning idea of other sarsaparillas, and that on the contrary by specific vegetable alternatives it promoted digestion, and repaired nutrition, hence created new blood and was the very thing for feeble people.

The above explains the many cases in which aged, delicate and run down people, have been built up by Joy's Vegetable Sarsaparilla after the potash sarsaparillas failed. Its effects are creating a sensation.—S. F. Examiner

Happy Husbands.

Wm. Timmons, Postmaster of Idaville, Ind., writes: "Electric Bitters has done more for me than all other medicines combined, for it has had feeling arising from kidney and liver trouble." John Leslie, farmer and stockman of same place, says: "Find the Electric Bitter to be the best Liver and Kidney medicine, made me feel like a new man." J. W. Gardner, hardware merchant, same town, says: "Electric Bitters is just the thing for a man who is all run down and does not care whether he lives or dies; he found new strength, good appetite and felt just like he had a new lease on life. Only 50c a bottle at Wm. Finner's drug store."

Somebody Tells Somebody.

Dr. B. Hamlin, of Lemore, Cal., says a few dozen bottles of Chamberlain's Cough Remedy which he sold there created such a demand for the remedy that he could not sell well do without it. Those who use it find it so much superior to any other remedy they have ever tried that they recommend it to their friends, and that is the best way to make it so popular. For sale by Shoemaker & Co.

To Stockmen and Ranchers.

J. Westlake makes men's heavy French kip shoes full stock to order for \$5.00. Types and repairing next day and promptly done. On request.

100 OR MORE ELIGIBLE BUILDING Lots for sale at easy prices and easy terms, south of the Truckee river, south end of Reno. Enquire of THOS. E. HAYDON.

MARCUS FREDRICK, DEALER IN—Tobacco, Cigars, Smokers' Materials, Etc.

Watch, Clock and Jewelry Repairing A SPECIALTY.

THE PUBLIC PATRONAGE IS INVITED

Agency for the "Reno Evening Gazette."

NEXT DOOR TO W. O. H. MARTIN
